EVENT DESCRIPTION

Date	18 February - 02 March 2019
Author	Emina Hadžić
Institution	University of Sarajevo
Event title	" Special Mobility Strand" - SMS Stories
Event description:	
<p>In the period from February 18th to March 2nd, 2019, Emina Hadžić from the Faculty of Civil Engineering University of Sarajevo were sent to the University of Natural Resources and Life Sciences, Vienna on the participation in mobility of teaching staff within the ERASMUS + CBHE KA2 - Special Mobility Strand (Staff Mobility for Training in 2018/2019). It was my pleasure to be part of SMS providing us to gain new practical experience and to acquire knowledge and specific know-how from BOKU's good practice. During the training at the University of Natural Resources and Life Sciences, Vienna and Institut für Wasserbau, Hydraulik und Fließgewässerforschung I became acquainted with teaching and scientific work and professional activities in the field of hydrotehnics that are being realized at the aforementioned University. I also met the work of their laboratories, and in more detail with the work and performance of student exercises in a hydraulic laboratory.</p>
