Dear,

Within realization of the Activity 3.1 we have prepared a Questionnaire for a survey (research) on level of the citizens and public sector awareness relating the facts about natural disasters.

Besides the first page on which the interviewed person has to write their personal details, the Questionnaire contains four (4) pages with the questions from the following files:

1. Prevention and understanding of the natural disasters risk,
2. Protection and rescue system,
3. Resistance of the social community to natural disasters,
4. Renovation of the social community after natural disasters.

We are sending The Questionnaire (Excel document) and the Directions for the Questionnaire completion (Word document) in the Serbian and English language.

We would like to ask you to read all the questions very carefully and, in case you have any suggestions and remarks, feel free to sent them to University of Defence in Belgrade (UNID) not later than 14 February.

We would also like to ask the partners from Sarajevo (UNSA) to adjust the language of the Questionnaire contents to the area where survey will be carried out in order to avoid unpleasant situations during the survey performing.

After including Your suggestions and remarks, we will send the Questionnaire to the partner higher education institutions so that they can interview the citizens and the public sector.

Best regards!

Place and date
Belgrade, 2 February 2017
