Event description:	
<p>This document reports the Study visit and analysis of courses best practices in EU countries of the Erasmus+ Capacity Building in the Field of Higher Education project „Development of master curricula for natural disasters risk management in Western Balkan countries“ (NatRisk), held at the University of Messina (UNIME) on 21 September 2017. The meeting was chaired by Prof. Giuseppe Tito Aronica, UNIME. The objective was to introduce to all WB project partners the most relevant issues related to the implementation of software and hardware tools into new master curricula and laboratory work.</p> <p>Twenty representatives from 7 partner institutions were present at the meeting (19 out of 22 were from WB partner HEIs - UNI, UNID, UPKM, UNSA, KPA, TCASU).</p> <p>After the participants’ registration, which started at 09:20, Prof. Giuseppe Tito Aronica, UNIME, presented shortly CERISI (Center of Excellence Research and Innovation for large dimensions Structures and Infrastructures). The center of excellence C.E.R.I.S.I. is actually a constellation of laboratories, harmonized one another, between which there are other three specifically for industrial engineering: large scale testing laboratory; non destructive testing and failure analysis laboratory; mechanical testing laboratory.</p> <p>WB partners had a chance to visit CERISI’s laboratories.</p> <p>The study visit finished at 13:15.</p>
